

Peace

Lyrics by Geri Keaggy; music by Phil Keaggy

Intro: (4x)

There's peace in the stillness of water so clear;

so much of life's confusion disappears here.

You've made life so wondrous; the butterflies soar.

I wish I could be one and take off of life's shore.

The music speaks softly, the birds sing your praise,

and fish flutter quietly beneath ripply waves.

There's peace...

There's peace... CM7 D

There's peace. (as Intro)

There's peace in the stillness, I know you're with me;
 I'll wait for you Jesus, and listen quietly.
 Why is it I feel you near when it seems you're so far;
 your peace is the stillness that calms my heart.
 The wind whispers softly as I sing your praise,
 for I know you're with me in this holy place.

Your peace. (as Intro)

There's peace in the stillness of water so clear;
 so much of life's confusion disappears here.
 You've made life so wondrous; you've made me secure.
 I've come to believe in a peace that is sure.
 The wind whispers softly as I sing your praise,
 for I know you're with me in this holy place.
